

# Appeal for Early Enrollment (Post Secondary Option)

Admission requirements for DSC Early Enrollment (Post Secondary Option) Programs have been established in an effort to assure that high school students who are admitted for college level work will have an opportunity to succeed. However, students who do not meet DSC's test score criteria for early admission may appeal for special consideration if they meet all other DSC Early Enrollment requirements, are exempt from all Developmental Studies requirements, and have achieved the University System of Georgia's minimum test requirements: SAT Combined of 970 (DSC minimum of 450 Verbal/500 Math) or ACT Composite of 20 (DSC minimum of 19 English/21 Math).
