CENTER FOR
CONTINUING
EDUCATION

CENTER FOR CONTINUING EDUCATION

The Center for Continuing Education provides non-credit programs that help meet the multi-educational and multi-cultural needs of Northwest Georgia. Dalton State College, through the Center for Continuing Education, emphasizes and encourages life-long learning and regional economic development. Programs and services are designed to foster intellectual, professional, cultural, and recreational development for all interested persons in the community.

PROGRAM AREAS

BUSINESS AND MANAGEMENT – Conferences, seminars and workshops are designed to meet the training needs of the business community. Examples: computer courses, supervisory training, safety related programs, human resource management, language skills, and tax workshops.

COMMUNITY SERVICES – These programs address community and societal issues. Examples: alcohol and drug awareness, back to classroom preparation, English As A Second Language, and multi-cultural awareness.

CONFERENCE FACILITIES – The Center offers an excellent conference site with facilities that can accommodate conferences and meetings ranging in size from 1 – 350 people. The Center's personnel can plan programs and provide appropriate conference rooms with media support and food service. Conference rooms are linked to the Center's satellite down-link site. This system can receive both C and Ku bands, allowing users to participate in nationally broadcast satellite conferences.

CUSTOMIZED CONTRACT TRAINING – Programs are designed at the specific request of a company. Training can be conducted on the Dalton State campus or at a site convenient to the client. The Customized Training program can also provide a mobile computer lab to conduct computer training on-site. Examples: management, OSHA training, Spanish, first aid/safety, trainer development, and computer training.

ELDERHOSTEL – The Center participates in the ELDERHOSTEL program. The program, conducted at area state parks and conference centers, provides inexpensive, short-term educational classes for adults 50 and over. Participants come from all parts of our country to experience the charm and wonders of Georgia.

EXTENDED CAMPUS – In an effort to better serve Northwest Georgia residents, the Center conducts classes at the **Catoosa Center** in Ft. Oglethorpe, Georgia. Classes include many of the computer, language, and personal enrichment classes offered at the Dalton State campus.

LEISURE/PERSONAL ENRICHMENT – Classes invite the community to participate in learning experiences that are fun and educational. Examples: languages, art, quilting, dog obedience, personal finance, photography, Tai Chi, and Yoga. The Center coordinates "Kids College," an educational summer camp for children.

LICENSING/OCCUPATIONAL – Courses are offered to obtain or renew professional licenses,

or learn new technical/occupational skills to re-enter the job market. Examples: real estate, paralegal, welding, electrical, contractor, and child care.

NONCREDIT PROGRAM INFORMATION

ADMISSIONS/REGISTRATION – There are no formal educational requirements necessary for admission to noncredit programs. Registration procedures and complete course listings are published four times per year in the *COMPASS*. The registration process is simple and can be conducted by phone, fax, mail, or in person. Registration for noncredit classes can be accessed online by visiting Dalton State College's Web site at <www.daltonstate.edu>. Participants are encouraged to register at least five working days prior to the beginning of class. The mailing address is Dalton State College, Center for Continuing Education, 213 North College Drive, Dalton, Georgia 30720. For more information, call the Center at (706) 272-4454, (800) 829-4436, or fax (706) 272-2467.

FEES – Tuition for noncredit classes is based on the cost of each program. Registration is not completed until class fees are paid. Unless registration is completed, there is no guarantee of a place in the class.

CONTINUING EDUCATION UNITS – No grades or academic credit are given for participation in noncredit courses. However, certain courses are awarded Continuing Education Units (CEUs). One CEU is earned by students for each ten hours of class time. All CEU records are maintained by the Center for Continuing Education.

THE UNIVERSITY SYSTEM OF GEORGIA

The University System of Georgia includes all state-operated institutions of higher education in Georgia – 4 research universities, 2 regional universities, 13 state universities, 2 state colleges, and 13 associate degree colleges. These 34 public institutions are located throughout the state.

A 16-member constitutional Board of Regents governs the University System, which has been in operation since 1932. Appointments of Board members are made by the Governor, subject to confirmation by the State Senate. The regular term of Board members is seven years.

The Chair, the Vice Chair, and other officers of the Board are elected by the members of the Board. The Chancellor, who is not a member of the Board, is the chief executive officer of the Board and the chief administrative officer of the University System.

The overall programs and services of the University System are offered through three major components: Instruction; Public Service/Continuing Education; Research.

INSTRUCTION consists of programs of study leading toward degrees, ranging from the associate (two-year) level to the doctoral level, and certificates.

Requirements for admission of students to instructional programs at each institution are determined, pursuant to policies of the Board of Regents, by the institution. The Board establishes minimum academic standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed in all cases to the institutions.

PUBLIC SERVICE/CONTINUING EDUCATION consists of non-degree activities, primarily, and special types of college-degree-credit courses.

The non-degree activities are of several types, such as short courses, seminars, conferences, lectures, and consultative and advisory services, in a large number of areas of interest. These activities are designed by each institution to meet special educational, informational, and cultural needs of the people of the service area of that institution.

Typical college-degree-credit public service/continuing education courses are those offered through extension center programs and teacher education consortiums.

RESEARCH encompasses investigations conducted primarily for discovery and application of knowledge. These investigations, conducted on campuses and at many off-campus locations, cover a large number and a large variety of matters related to the educational objectives of the institutions and to general societal needs.

Most of the research is conducted through the universities; however, some of it is conducted through several of the senior colleges.

The policies of the Board of Regents for the government, management and control of the University System provide autonomy of high degree for each institution. The executive head of each institution is the President, whose election is recommended by the Chancellor and approved by the Board.

State appropriations for the University System are requested by, made to, and allocated by the Board of Regents. The largest share of the state appropriations is allocated by the Board for instruction.
