home institutions. Students from non-member institutions, or from institutions that do not permit registration for certain courses, should contact Dr. Baogang Guo of Dalton State College

for assistance. Students may earn six semester hours of credit. All courses are standard courses offering three hours of credit. Normally, students may take one or two of these courses.

Students who wish to register as full-time students for financial aid or scholarship eligibility may do so through the joint option offered through the Asia Council. Nine hours of credits can be earned through signing up the Chinese Language Program in China. For details, please contact Dr. Louis Meng of Kennesaw State University at: lmeng@kennesaw.edu or call KSU International Program Office at (770) 423-6336

PROGRAM IN BRIEF

The program will be conducted in four weeks beginning in mid-May at Zhengzhou University, Zhengzhou, China. The dates of the program are May 9 through June 7, 2010. The academic theme of this year's program is "Blending Diverse Cultures through Mutual Understanding."

This study abroad is a collaborative program co-sponsored by Dalton State College, Valdosta State University, and the Asian Council of the University System of Georgia (USG). The program's main host institution is Zhengzhou University (ZU), a comprehensive educational institution with over 54,000 students and brand new campus facilities, in central China. Campus representatives of the Asian Council will serve as coordinators who will administer recruitment of faculty and students at their own institutions.

The main goal of this study is to help students acquire a general grasp of the social, economic, and political systems of a different society and further a comparative worldview that can enhance competence in their careers. Instructions will include class lectures, written projects, field trips, and weekend excursions. An orientation session will be given to students on first day of the class in the host university. Instructional formats specified above will meet the minimum number of class contact hours stipulated by the Board of Regents.

The program will begin with an educational tour of Beijing. On-site lectures and tours of famous cultural and historical sites will be given. While in Zhengzhou, a number of out-of-town short field trips to Luoyang, Dengfeng, and Anyang will be offered. Students will be able to explore some of the impressive Chinese historical and cultural sites. Course-specific local field trips will be also arranged while in Zhengzhou. Each student is required to sign up for two courses. Short non-credit courses may be offered based on students' interests.
