

ASSOCIATE DEGREE NURSING PROGRAM

Dalton State College offers a nursing program leading to the Associate of Science in Nursing Degree (RN). This program provides persons with the knowledge and clinical expertise necessary to give direct nursing care to patients in a variety of settings. Some clinical experiences involve out-of-town travel and evening hours. Prospective students should be aware that all clinical sites are tobacco free areas and smoking is prohibited. The program of study includes general education and nursing theory, and provides opportunities to care for patients of all ages. This program is approved by the Georgia Board of Nursing and accredited by the National League for Nursing Accrediting Commission (61 Broadway, New York, NY 10006, (212) 363-5555). Graduates are eligible to take the National Council Licensure Examination (NCLEX-RN) for Registered Nurse (RN) licensure.

To meet the needs of persons with varying capacities and backgrounds, three alternate curriculum plans have been developed.

There are specific practices and/or acts delineated in the Nurse Practice Act which might prevent a candidate from being granted a license to practice as a Registered Nurse. Clinical facilities used by the program may require students to submit to background checks and drug screenings before they are allowed in the facility. Based on the information obtained, these facilities can refuse student access. Failure to be accepted into clinical facilities may jeopardize a student's ability to complete the program. For more information, contact the Nursing Division.

Pre-Nursing Requirements

1. Admission to Dalton State College and exit (or exempt) all areas of Learning Support.
2. High School graduate or G.E.D. equivalent.
3. Placement in one of the following plans:
 - a. Plan I: total SAT 970 or above, or ACT composite 21 or above, or Bachelor's degree, or for non-traditional students, test above exit score in all learning support areas.
 - b. Plan II: total SAT 870-960, or ACT composite 19-20, or for non-traditional students, test above the exit score in two learning support areas.
 - c. Plan III: 860 or below on SAT, or composite below 19 on ACT, or for non-traditional students, test above the exit scores in one or none of the learning support areas.
4. Non-traditional students will be placed in a plan based on Compass scores.
5. Students with a Bachelor's degree or higher will be placed in Plan I.
6. Minimum Nurse Entrance Test (NET) scores of 64 Reading and 69 composite. Only two attempts within one calendar year will be allowed for consideration into the nursing sequence. Scores must be obtained by the end of a calendar year (December 31) for fall nursing sequence consideration.

Students meeting the above criteria are not guaranteed admission to the Nursing program. Since enrollment in the Nursing program is limited, those students meeting pre-nursing requirements will be evaluated by the faculty of the Nursing Division and the most qualified students will be selected.

Selection Criteria

1. SAT, ACT or Compass scores.
2. Completion of courses in the applicable plan (I, II, III).
3. Dalton State College G.P.A. of 2.75 or better. If Dalton State College grades are 2.75 or better, transfer grades of courses applicable to the degree are awarded with DSC credits and must be 2.75 or better when averaged. If no DSC credit, transfer grades of courses applicable to the degree must average 2.75 or higher. If no college credits, must be in plan I and have a 3.0 high school average.
4. Length of advisement by the School of Nursing. Students who do not register are responsible for contacting their advisor each semester to remain eligible for consideration. Students who Web register are also responsible for contacting their advisor each semester to remain eligible for consideration. Files become inactive after no contact for one calendar year.
5. Number of applicable hours toward the nursing degree.
6. Minimum Nurse Entrance Test scores of 64 in Reading and 69 Composite.

Initial selection of each class will be made after the fall semester. Students must have been accepted to the college and/or declared nursing as their major by the end of the calendar year (December 31) to be eligible for class consideration. The GPA must remain at 2.75 or better to keep a place in the class. On a space available basis, further selections will be made following spring and summer semesters. Students selected will begin nursing courses the following fall semester. For admission and retention in the nursing program, each student must meet stated technical standards. To obtain a copy of these standards contact the School of Nursing.

Former nursing students desiring to re-enter the nursing sequence and transfer students will be considered on a space available basis and MUST meet the current catalog requirements. This includes the current GPA Standard under Selection Criteria. Students withdrawing from the nursing sequence must contact the Dean of the School of Nursing before withdrawal to be eligible for re-entry into the program.

The following documents must be submitted each year the student is enrolled in a nursing class:

1. Physical examination report, with documentation of required immunizations.
2. Dental status report.
3. CPR certification (American Red Cross CPR for the Professional Rescuer or American Heart Association Health Care Provider).
4. Background Check (upon clinical facility request)

In addition to tuition, fees and textbooks, the student must meet the following expenses:

1. Uniforms (first year) \$175.00 (approximately)
2. Liability insurance (each year) \$15.00
3. Testing - \$120.00

Students must maintain at least a "C" average while enrolled in the nursing program and shall earn at least a "C" in all nursing, math, and biological science courses, or the course shall be repeated. Science and/or nursing courses shall have been taken within five years of readmission, or transfer into the program, or they shall

be repeated. Students may repeat only one nursing course for academic reasons. Students are ineligible to enter, re-enter or remain in the nursing sequence if unable to pass any of the required biological science courses or College Algebra after two attempts. Students must also comply with all School of Nursing policies.

To graduate, students must score at or above the national average on the RN Assessment (a test predictive of passage of the NCLEX-RN examination for RN licensure). This test will be given as a part of NURS 2203.

Plan I

Designed for applicants whose total minimum score is 970 on the Scholastic Aptitude Test (SAT) or a minimum composite score of 21 on the ACT, or an earned Bachelor's degree, or for non-traditional students with test scores above the exit score in all learning support areas.

Plan II

Required for applicants whose total SAT scores are between 870-960, or an ACT composite score of 19-20, or for non-traditional students with test scores above the exit scores in two learning support areas. Students shall complete at least 10 semester hours of the required general education courses that must include Biology 1107 and Math 1111 prior to consideration for admission to the nursing sequence. Before enrolling in Biology 2212, 2213, or 2215, the student must pass Biology 1107 with a "C" or better (4 hours).

Plan III

Required for applicants who achieve less than 860 on the SAT, or a composite score of less than 19 on the ACT, or for non-traditional students with test scores above the exit scores in one or none of the learning support areas. Students shall complete at least 20 semester hours of the required general education courses that must include Biology 1107 and 1108 and Math 1111 with a "C" or better prior to consideration for admission to the nursing sequence. Before enrolling in Biology 2212, 2213, or 2215, the student must pass Biology 1107 and 1108 with a "C" or better (8 hours).

LPN TO RN OPTION

Credit-by-Examination: Nursing 1101, 1102, 1103, 1104, and 1105

Dalton State College Nursing Division offers Licensed Practical Nurses (LPNs) the opportunity to earn up to 14 semester credit hours by examination for the following first year nursing courses: Nursing 1101, 1102, 1103, and 1104 Fundamentals of Nursing (10 hours) and Nursing 1105 (4 hours).

To be eligible to take the exam for credit, the Licensed Practical Nurse shall:

1. be admitted to Dalton State College.
2. be accepted for admission to the first nursing course in the program, Nursing 1101.

To receive credit:

Nursing 1101, 1103, & 1104

1. Achieve a score of at least the 60th percentile on the NLN Nursing Acceleration Challenge Exam I PN -RN (cost: approximately \$55.00).
2. Satisfactorily complete prerequisites for Nursing 1101, 1102, 1103, 1104.

Nursing 1102

1. Achieve a score of at least the 60th percentile on the NLN Nursing Acceleration Challenge Exam I PN -RN (cost: approximately \$55.00).
2. Satisfactorily complete prerequisites for Nursing 1101, 1102, 1103, 1104.
3. Achieve a score of at least 80% on a divisional Pharmacology Examination (no charge). Exemption of Nursing 1102 is required to take the exemption exam for Nursing 1105.

Nursing 1105

1. Satisfactorily complete prerequisites for Nursing 1105.
2. Achieve a score of 75% or better on the NLN Nursing Acceleration Challenge Exam I PN - RN Nursing Care During Childbearing (cost: approximately \$55.00).
