

The parking lot located on the northwest corner of Georgia Rice Drive is now closed for construction of the College's first parking deck, a two-story structure that will open in August of 2009 with space for over 425 cars (for a net gain of over 250 spaces).

To ease parking congestion during spring semester, shuttle service from the Northwest Georgia Trade and Convention Center will be expanded and hours will be extended for the gravel parking lot located next to the tennis courts on College Drive.
