ATTENDANCE

It is essential that students attend both lectures and labs. In the event of absence, it is the student's responsibility to see the instructor to determine how to make up missed material. If you do not have the correct lab hand out when lab begins, you will NOT participate.

1. For **exams**: There will be make-up exams only in extraordinary circumstances. In general, illness, a family emergency, active military duty, or a college-authorized absence will be accepted as excuses for missing an exam. Other reasons for missing the exam will be considered on a case by case basis. **The instructor reserves the right to decide whether an excuse is sufficiently serious to be accepted.**

2. For **labs**: There are NO makeup labs. If you miss a lab for illness, etc., you can do an alternate written assignment, but only ONE such substitution will be allowed for the course, except in very extraordinary circumstances, such as listed above. If you do the make-up assignment, you will get the average grade (to the nearest half-point) of the entire class. Otherwise, you will get a zero for that lab.

3. Oops! Everyone has a life outside of class and sometimes it gets in the way of finishing some work. Therefore, everyone has THREE virtual OOPSIE cards in their gradebook. If you forget to do an online quiz or upload an assignment on time, you can redeem your oopsie card for an extension. It is up to the student to contact the instructor about redeeming the oopsie card. When you use the oopsie card, it will be removed from the gradebook. Oopsie cards do NOT apply to exams or case studies! Use them wisely but be sure to use them when you need them!

OTHER SPECIFIC COURSE RELATED POLICIES

NO FOOD OR DRINK OF ANY KIND IS ALLOWED IN ROOM 202! (the lab room)

Personal Technology Policy: It is highly discouraged to be using cell phones, tablets or laptop computers, and personal music equipment or headphones/earbuds in the classroom or lab except on class-related business. The instructor reserves the right to ask any student abusing this policy during class to leave the classroom. If any such device is seen by the instructor during an exam on anyone's desk, lap, adjacent chair, etc. that person will be assumed to be cheating even if the student can conclusively prove that the device was turned off or nonfunctioning. In such a case the student will fail the exam.

EMERGENCY INSTRUCTIONAL PLAN

In the event the college is closed due to inclement weather, students will consult the schedule provided at the beginning of the semester to determine which chapters would be covered during the time the college is closed. Students will be responsible for anything in that chapter. Labs that are missed will either be made up later or removed from the class schedule and not counted at the end of the semester in the final grade. Exams will be moved in the class schedule to accommodate the curtailed schedule. I am NOT available 24/7, so please expect reasonable delays in my answers to emails during a period when the college is closed due to bad weather.

Extra Credit Options:

There will be several extra credit options throughout the semester.

COURSE POLICIES AND PROCEDURES

DIVERSITY

(Last modified by the Faculty Senate and approved by the JEDI Committee April 2021)

Diversity enriches human interaction and learning. Different perspectives lead to innovative, sustainable solutions for our most persistent and challenging problems. When we engage and learn from each other, we thrive. Thus, we embrace diverse communities; we respect and value their unique experiences and contributions. Everyone in our community has a responsibility to ensure that all feel secure and welcome, that the contributions of all individuals are respected, and that all voices are heard.

ETHICAL CONDUCT

(Last modified June 2021, reaffirmed July 2022)

Academic Dishonesty: Cheating, plagiarism, and engaging in any behavior prohibited by faculty are part of the Dalton State Code of Conduct, which can be found in its most updated form as at [Dalton State Student Code of Conduct](#). ANY assistance provided or given in any way toward work in a class constitutes cheating unless such behavior is authorized by your instructor. Additionally, any use of the ideas or words of others should be noted, or this will constitute plagiarism. Using another students' work or collaborating on an assignment not designated as collaborative is unacceptable. Furthermore, presenting work that was completed for another class, while not plagiarism technically, is not the same as presenting original work and is therefore unacceptable unless it has been authorized by your instructor. Using a private company to complete work for you is contract cheating and is also against the Student Code of Conduct. For more details on what Dalton State considers to be Academic Dishonesty, please review the Student Code of Conduct. Instructors will assign grades based on classroom performance. Additional sanctions may be provided as a learning experience from the Student Conduct process.

Classroom Behavior: Dalton State is committed to respect via the Roadrunner Respect pledge. To learn more, please visit [Roadrunner Respect](#). "I pledge to show my fellow Roadrunner students, faculty, staff,

and administration respect by treating others the way they want to be treated and by thinking about others first before making decisions that might affect them.”

All Hardship Withdrawal decisions are communicated to students via their DSC email, and appropriate administrative offices are notified. Withdrawal from class is a student responsibility. Students who fail to complete the official drop/withdrawal procedure will receive the grade of F.

FULL WITHDRAWAL STATEMENT

(Last modified June 2021, reaffirmed July 2022)

The proper form for withdrawing from all classes at the college after the official drop/add period but before the published withdrawal date ([Academic Campus Calendar](#)) is the [Schedule Adjustment Form](#). All students must meet with a staff member at the Dean of Students office in the upper-level of the Pope Student Center to initiate the withdrawal process and complete an exit interview. After meeting with the staff member, students will then finalize the withdrawal process in the Enrollment Services Office.

GRADE APPEALS

(Last modified May 2018, reaffirmed July 2022)

A student may file a formal challenge to a grade if there is unequivocal evidence that one or more of the following applies:

- a) It was a direct result of arbitrary and capricious conduct on the part of the instructor;
- b) The instructor discriminated against the student on the basis of a protected classification as the term is defined by Federal Law, Georgia State Law, or the Administrative Code of the City of Dalton;
- c) The grade was incorrectly calculated;
- d) A clerical error occurred in recording the grade; or
- e) A mitigating circumstance prevented the student from completing a final assignment or attending the final exam.

To appeal a grade, the student must notify the instructor in writing no later than two days after the posting of final grades. See [Grade Changes and Appeals](#) for the complete documentation.

ACADEMIC PROGRESSION

[Type here]

(Last modified May 2018, reaffirmed July 2022)

Students who do not maintain a 2.0 move through a sequence of statuses ranging from Academic Warning to Academic Probation to Academic Suspension to Academic Dismissal. See [Academic Progress](#) for the complete documentation.

OFFICIALLY APPROVED DSC GROUPS AND ACTIVITIES

(Last modified May 2018, reaffirmed July 2022)

When students are engaged in officially approved Dalton State groups or activities that require them to participate in events off campus during school days, they shall be treated similarly to any faculty or staff member acting in that same capacity. Thus, just as faculty and staff have excused absences from their regular work schedules, students shall be excused from class without penalty if they are off campus representing Dalton State College in an approved, official capacity during their regular class time. Examples include presenting a paper or otherwise participating in a conference, attending a University System student affairs event, participating in intercollegiate competition (athletic or academic), participating in an approved field trip, etc. Just as faculty and staff members are required to submit Request to Travel forms for approval, in order to be excused, the student needs to provide the following information to the instructor prior to the date when he/she will be absent from class:

- notification of the event (in the case of athletics, students should provide each instructor a schedule of away events at the beginning of the semester or as soon as possible after the schedule is available);
- estimated time of departure from and return to campus (for example, if a student has an away game in the evening and will not be leaving campus until 3:00, he/she will not be excused from classes prior to that time on that day; similarly, if the event is in the morning and the student will be returning to campus during the day, he/she is expected to attend any class scheduled after the return trip); and
- contact information for the person or organization sponsoring/authorizing the student's participation in the event

The student shall be allowed to make up any work missed during the time he/she is off campus representing DSC in an official capacity. He/she shall discuss what will be missed with the instructor and make arrangements to make up any assignments, tests, presentations, etc. scheduled on that date.

The lab has HP Reverb G2 VR headsets, HPZ VR backpack workstation, Google cardboard goggles, and BNext VR Headsets (compatible with Android & iPhone).

Dalton State students, faculty, and staff can make reservations. The room can be reserved for one-hour sessions each day. The online reservation form can be found here: https://daltonstate.libwizard.com/f/vr_reserve. Individuals must have their DSC ID, sign the liability release form each session, and complete a brief training session once each semester to use the lab.

It is recommended that students use apps such as SteamVR on Steam in order to use individual accounts in conjunction with the library's VR equipment. Otherwise, they should make sure that they log out when using the library's applications and programs once finished with each session. Additionally, students are encouraged to bring external hard drives to store and save VR applications and data.

Check the library's website for hours, as these hours vary with availability each semester.
