COURSE DESCRIPTION

Course Description: This course is an introduction to the history of Earth. The course focuses on the geologic history of Earth from its beginning to the present and the evolution of life through geologic time, as well as the interconnection between the two.

Prerequisites: none

CORE IMPACTS

This is a Core IMPACTS course that is part of the STEM area.

Core IMPACTS refers to the core curriculum, which provides students with essential knowledge in foundational academic areas. This course will help master course content and will support students' broad academic career goals.

This course should direct students toward a broad Orienting Question:

How do I ask scientific questions or use data, mathematics, or technology to understand the universe?

Completion of this course should enable students to meet the following Learning Outcome:

Students will use the scientific method and laboratory procedures or mathematical and computational methods to analyze data, solve problems, and explain natural phenomena.

Course content, activities, and exercises in this course should help students develop the following Career-Ready Competencies:

Inquiry and Analysis, Problem-Solving, Teamwork

LEARNING GOALS/OUTCOMES

[Type here]

Upon completing GEOL 1122k, students should be able to:

1. Utilize the theory of plate tectonics and its relation to the rock cycle to describe the evolution of the solid Earth, with particular emphasis on North America.
2. Classify the diversity of life and analyze its evolution in relationship to the evolution of the environment.
3. Describe the history of life on Earth and explain the nature of mass extinctions.

METHODS OF ASSESSING STUDENT LEARNING OUTCOMES

1. A pre/post test will assess objectives 1-3
2. A fossil identification and correlation quiz will assess objectives 2.

USING GEORGIA VIEW AND OTHER TECHNOLOGIES

We will utilize Georgia VIEW and other technologies in every class meeting. It is important that you are able to access Georgia VIEW and utilize it. If you have problems with access, you need to contact OCIS (2611). If you do not understand how to use features of Georgia VIEW, you can see me.

ATTENDANCE

It is essential that students attend both lectures and labs. In the event of absence, it is the student's responsibility to see the instructor to determine how to make up missed material. If you do not have the correct lab hand out when lab begins, you will NOT participate.

1. For **labs**: There are NO makeup labs. If you miss a lab for illness, etc., you can do an alternate written assignment, but only ONE such substitution will be allowed for the course, except in very extraordinary circumstances, such as quarantine or family emergency. If you do the make-up assignment, it must be turned in within ONE week of being given it and you will get the average grade (to the nearest half-point) of the entire class. Otherwise, you will get a zero for that lab.
2. If you miss an **in-class quizzes**, you cannot make it up. There are extra credit opportunities throughout the semester which can substitute for those points.
3. If you miss the **Fossil Quiz** for any reason, you cannot do a substitute assignment. You will have to make arrangements with the instructor to do the Fossil Quiz at a later time before the last day of class.

OTHER SPECIFIC COURSE RELATED POLICIES

NO FOOD OR DRINK OF ANY KIND IS ALLOWED IN ROOM 202! (the lab room)

Personal Technology Policy: It is highly discouraged to be using cell phones, tablets or laptop computers, wathes that connect to smart phones, and personal music equipment in the classroom or lab. The instructor reserves the right to ask any student using such a device during class to leave the classroom. No exceptions except for cases with previous notification. If any such device is seen by the instructor during an exam on anyone's desk, lap, adjacent chair, etc. that person will be assumed to be cheating even if the student can conclusively prove that the device was turned off or nonfunctioning. In such a case the student will fail the exam. Students who wish to leave the classroom during an exam must leave their smart phone with the instructor.

EMERGENCY INSTRUCTIONAL PLAN

In the event the college is closed due to inclement weather, students will consult the schedule provided at the beginning of the semester to determine which chapters would be covered during the time the college is closed. Students will be responsible for anything in that chapter. Assignments such as the EQ Watch will also be due the first day class meets after the college reopens. Labs that are missed will either be made up at a later date or removed from

the class schedule and not counted at the end of the semester in the final grade. Exams will be moved in the class schedule to accommodate the curtailed schedule. I am NOT available 24/7, so please expect reasonable delays in my answers to emails during a period when the college is closed due to bad weather.

COURSE POLICIES AND PROCEDURES

DIVERSITY

(Last modified by the Faculty Senate and approved by the JEDI Committee April 2021)

Diversity enriches human interaction and learning. Different perspectives lead to innovative, sustainable solutions for our most persistent and challenging problems. When we engage and learn from each other, we thrive. Thus, we embrace diverse communities; we respect and value their unique experiences and contributions. Everyone in our community has a responsibility to ensure that all feel secure and welcome, that the contributions of all individuals are respected, and that all voices are heard.

ETHICAL CONDUCT

(Last modified June 2021, reaffirmed July 2022)

Academic Dishonesty: Cheating, plagiarism, and engaging in any behavior prohibited by faculty are part of the Dalton State Code of Conduct, which can be found in its most updated form as at [Dalton State Student Code of Conduct](#). ANY assistance provided or given in any way toward work in a class constitutes cheating unless such behavior is authorized by your instructor. Additionally, any use of the ideas or words of others should be noted, or this will constitute plagiarism. Using another students' work or collaborating on an assignment not designated as collaborative is unacceptable. Furthermore, presenting work that was completed for another class, while not plagiarism technically, is not the same as presenting original work and is therefore unacceptable unless it has been authorized by your instructor. Using a private company to complete work for you is contract cheating and is also against the Student Code of Conduct. For more details on what Dalton State considers to be Academic Dishonesty, please review the Student Code of Conduct. Instructors will assign grades based on classroom performance. Additional sanctions may be provided as a learning experience from the Student Conduct process.

Classroom Behavior: Dalton State is committed to respect via the Roadrunner Respect pledge. To learn more, please visit [Roadrunner Respect](#). “I pledge to show my fellow Roadrunner students, faculty, staff, and administration respect by treating others the way they want to be treated and by thinking about others first before making decisions that might affect them.”

(Last modified and reaffirmed July 2022)

The last day to drop this class without penalty (a W) is **March 22, 2024**. If you submit a Schedule Adjustment Form to drop this course or drop via the web by this date, you will be assigned a grade of W. The grade of W counts as hours attempted for the purposes of financial aid. If you drop after this date, a grade of WF will be issued except in cases of [Extreme Hardship](#) as determined by the Dean of Students and a Hardship Withdrawal Committee. All Hardship Withdrawal decisions are communicated to students via their DSC email, and appropriate administrative offices are notified. Withdrawal from class is a student responsibility. Students who fail to complete the official drop/withdrawal procedure will receive the grade of F.

FULL WITHDRAWAL STATEMENT

(Last modified June 2021, reaffirmed July 2022)

The proper form for withdrawing from all classes at the college after the official drop/add period but before the published withdrawal date ([Academic Campus Calendar](#)) is the [Schedule Adjustment Form](#). All students must meet with a staff member at the Dean of Students office in the upper level of the Pope Student Center to initiate the withdrawal process and complete an exit interview. After meeting with the staff member, students will then finalize the withdrawal process in the Enrollment Services Office.

GRADE APPEALS

(Last modified May 2018, reaffirmed July 2022)

A student may file a formal challenge to a grade if there is unequivocal evidence that one or more of the following applies:

- a. It was a direct result of arbitrary and capricious conduct on the part of the instructor;
- b. The instructor discriminated against the student on the basis of a protected classification as the term is defined by Federal Law, Georgia State Law, or the Administrative Code of the City of Dalton;
- c. The grade was incorrectly calculated;
- d. A clerical error occurred in recording the grade; or
- e. A mitigating circumstance prevented the student from completing a final assignment or attending the final exam.

To appeal a grade, the student must notify the instructor in writing no later than two days after the posting of final grades. See [Grade Changes and Appeals](#) for the complete documentation.

Students who do not maintain a 2.0 move through a sequence of statuses ranging from Academic Warning to Academic Probation to Academic Suspension to Academic Dismissal. See [Academic Progress](#) for the complete documentation.

CARE TEAM

(Last modified June 2021, reaffirmed July 2022)

The Campus Assessment, Response, and Evaluation Team, also known as CARE, at Dalton State College engages in proactive and collaborative approaches to identify and assess students who are potentially distressed or may exhibit concerning behaviors. The CARE team is an interdisciplinary assessment group comprised of both faculty and staff. OFFICIALLY APPROVED DSC GROUPS AND ACTIVITIES

(Last modified May 2018, reaffirmed July 2022)

When students are engaged in officially approved Dalton State groups or activities that require them to participate in events off campus during school days, they shall be treated similarly to any faculty or staff member acting in that same capacity. Thus, just as faculty and staff have excused absences from their regular work schedules, students shall be excused from class without penalty if they are off campus representing Dalton State College in an approved, official capacity during their regular class time. Examples include presenting a paper or otherwise participating in a conference, attending a University System student affairs event, participating in intercollegiate competition (athletic or academic), participating in an approved field trip, etc. Just as faculty and staff members are required to submit Request to Travel forms for approval, in order to be excused, the student needs to provide the following information to the instructor prior to the date when he/she will be absent from class:

- notification of the event (in the case of athletics, students should provide each instructor with a schedule of away events at the beginning of the semester or as soon as possible after the schedule is available);
- estimated time of departure from and return to campus (for example, if a student has an away game in the evening and will not be leaving campus until 3:00, he/she will not be excused from classes prior to that time on that day; similarly, if the event is in the morning and the student will be returning to campus during the day, he/she is expected to attend any class scheduled after the return trip); and
- contact information for the person or organization sponsoring/authorizing the student's participation in the event

The student shall be allowed to make up any work missed during the time he/she is off campus representing DSC in an official capacity. He/she shall discuss what will be missed with the instructor and make arrangements to make up any assignments, tests, presentations, etc. scheduled on that date.
