From President Margaret Venable

To the Dalton State Community —

It is up to each one of us to help foster a secure and supportive environment at Dalton State — an environment where individuals can feel safe to visit, learn, work and live. Primary to this goal are the principles of responsibility and respect. These values are essential to any community, and serve as the foundation for the success and productivity of our students, faculty and staff. Safety on campus is one of the highest concerns. A truly safe campus can only be achieved through the cooperation of everyone. This publication contains information about campus safety measures and reports statistics about crime in our College community. It also describes our efforts to combat alcohol and drug abuse. Please take the time to read it and help foster a more caring and safe environment.

Margaret Venable
From Michael Masters, Chief of Police / Director of Public Safety

To the Dalton State Community –

On behalf of the members of the Dalton State College Police Department, I want to thank you for your interest in our annual Fire Safety and Security Report. We publish this report because it contains valuable information for our campus community. We also publish the report to comply with the important provisions of the Clery Act. Campus safety and security and compliance with the Clery Act should be a part of everyone’s responsibility at Dalton State. We encourage you to review the information we have made available to you in this brochure. You will find information about our organization including descriptions of certain services that we provide. You will also become familiar with our strong commitment to victims of crimes and the specific extensive services we make available to crime victims. Lastly, you will find important information about security policies and procedures on our campus, crime data, and crime prevention information.

We join President Venable in the commitment to foster a secure and supportive environment at Dalton State. We are proud to be an integral part of Dalton State’s tradition of excellence. Campus safety and security is a collaborative effort. We partner with the many Departments at the College that have a critical role in fostering campus safety, including the Division of Student Services, Environmental Health & Safety, and other College offices. It has always been our goal to provide the highest quality of public safety services to the College community and we are honored to collaborate with the entire Dalton State community. The men and women of the Dalton State Police Department are committed to making our campus a safe place in which to live, work, and study.

Michael Masters
**TITLE IX COORDINATOR**

Dalton State desires to ensure equal access that meets the needs of individuals and that complies with all federal, state, local, University System of Georgia, and Dalton State mandates and guidelines. Admissions policies, activities, services, and facilities of the College do not exclude any person on the basis of race, color, age, sex, religion, national origin, or disability. Dalton State is an Affirmative Action Program Institution. Any individual who requires assistance for admission to or participation in any program, service, or activity of Dalton State College under Title II of the Americans with Disabilities Act should contact the College’s designated Title IX Coordinator: Director of Human Resources, Memorial Office 122, 706-272-2034.

**ANNUAL SECURITY REPORT**

**REPORTING CRIMES AND OTHER EMERGENCIES**

Dalton State has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate College officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire College community that you immediately report all incidents to the Department of Public Safety/Police (706-272-4461) to ensure an effective investigation and appropriate follow-up actions, including issuing a crime alert or emergency notification.

**Voluntary, Confidential Reporting**

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage College community members to report crimes promptly and to participate in and support crime prevention efforts. The community will be much safer when everyone participates in safety and security initiatives.
If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the College or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the College to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the College may not be able to assure confidentiality and will inform you in those cases.

https://dynamicforms.ngwebsolutions.com/ShowForm.aspx?RequestedDynamicFormTemplate=3fe5724c-a8bd-4a31-9c25-1a3d35110a51

Anyone may call Campus Police at 706-272-4461. Callers may remain anonymous.

**Reporting to Campus Police**

We encourage all members of the College community to report all crimes and other emergencies to Campus Police in a timely manner. Campus Police have a dispatch center that is available by phone at 706-272-4461, and reports will be taken 24 hours a day, 7 days a week. Though there are many resources available, Campus Police should be notified of any crime, whether or not an investigation continues, to assure the College can
assess any and all security concerns and inform the community if there is a significant threat to them.

**Emergency Phones**

Dalton State has installed emergency phones throughout the campus. Phones are located in public areas of buildings including parking garages, elevators, residence hall complexes, administration buildings, and also numerous outdoor locations. Emergency phones provide direct voice communications to the Campus Police Dispatch Center.

**Anonymous Reporting**

If you are interested in reporting a crime anonymously, you can utilize the Public Safety Silent Witness program that can be accessed through the Department’s website: https://dynamicforms.ngwebsolutions.com/ShowForm.aspx?RequestedDynamicFormTemplate=c3d0ca7b-1bee-49ec-9a84-0d43b126294c

Sexual assaults may be reported anonymously at:

https://dynamicforms.ngwebsolutions.com/ShowForm.aspx?RequestedDynamicFormTemplate=3fe5724c-a8bd-4a31-9c25-1a3d35110a51

By policy, we do not attempt to trace the origin of the person who submits this form, unless such is deemed necessary for public safety.

**Reporting to Other Campus Security Authorities**

While Dalton State prefers that community members promptly report all crimes and other emergencies directly to the Campus Police at 706-272-4461 or 911, we also recognize that some may prefer to report to other individuals or college offices. The Clery Act recognizes certain college officials and offices as “Campus Security Authorities (CSA).” The Act defines these individuals as “an official of an institution who has significant
responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While Dalton State has identified several CSAs, we officially designate the following offices as places where campus community members should report crimes:

Pastoral and Professional Counselors

According the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Dalton State to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, Dalton State encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

It’s Up to Each of Us

Dalton State takes great pride in the community and offers students, facility and staff many advantages. This community is a great place to live, learn, work and study, however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, Dalton State has taken progressive measures to create and maintain a reasonably safe environment on campus.

Though the College is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when living, working or visiting on campus.

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Director of Public Safety prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act using information maintained by the Campus Police Department, information provided by other college offices such as Student Services, Residence Life, and other Campus Security Authorities and information provided by local law enforcement agencies surrounding the main campus. Each of these
offices provides updated policy information and crime data. Data is also collected from the Gilmer Center, and appropriate law enforcement reports.

This report provides statistics for the previous three years concerning reported crimes that occurred on our campuses, in certain off-campus buildings or property owned, leased or controlled by Dalton State. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

There are limited circumstances in which reported crimes may be unfounded by a sworn law enforcement officer as false or baseless. The number of crimes that are unfounded will be reported in the Annual Security Report, and reported to the DOE.

The college distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the college community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the Department of Public Safety/Campus Police at 706-272-4461 or by visiting:

ABOUT THE DEPARTMENT OF PUBLIC SAFETY/CAMPUS POLICE

Role, Authority, and Training

The Dalton State College Department of Public Safety protects and serves the college community 24 hours a day, 365 days a year. The department is responsible for a number of campus safety and security programs including emergency management, community safety and security education, physical security, including security technology, behavioral threat assessment, and special event management.
The Department is comprised of:

- 13 Police Officers - Main Campus in Dalton
- 1 Part-time Police Officer - Gilmer Center
- 1 Parking Enforcement Officer
- 3 Police Dispatchers

The police officers at Dalton State:

- Have many years of experience and training;
- Complete a peace officers’ training course required of all police officers in Georgia;
- Receive many hours per year of in-service training, specialize in crime prevention, evidence technology, response to emergency situations, emergency first aid, CPR/AED, weapons and tactics;
- Public Safety Officers are commissioned under the GA law 20-3-72 and have the same authority as municipal police officers, being authorized to carry firearms and empowered to make arrests. All criminal incidents are investigated by the Public Safety Department on any Dalton State College Campus. All crimes that occur on campus or college property shall be reported to the Public Safety Department.

The Department of Public Safety Mission Statement: “Protecting our community through professional service, education, diversity and ethical accountability by promoting safety and security.”

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The Department of Public Safety maintains a cooperative relationship with the Dalton Police Department, and other surrounding first responders. This includes intraoperative
radio capability, training programs, special events coordination, and investigation of serious incidents.

The Public Safety Department participates in an Intermunicipal Mutual Aid Agreement that authorizes police officers and supervisors of the participating agencies to request mutual aid for incidents based upon a reasonable belief that such aid will enhance the public’s and/or officer safety and efficiency. The agencies participating in the agreement with the college include the Dalton Police Department and the Whitfield County Sheriff’s Office. The agreement also allows for joint training and cooperation on other matters, such as pre-planned large-scale special events and emergencies, amongst the participating agencies.

**Crimes Involving Student Organizations at Off-Campus Locations**

Dalton State relies on its close working relationships with local law enforcement agencies to receive information about incidents involving students and recognized student organizations, off campus. In coordination with local law enforcement agencies, the Public Safety Department will actively investigate certain crimes occurring on or near campus. If the Public Safety Department learns of serious criminal activity involving students or student organizations, it will coordinate with the appropriate external law enforcement agency to forward information about the situation to the Office of Student Conduct, as appropriate.

Dalton State requires all recognized student organizations to abide by federal, state, and local laws, and college regulations. Dalton State may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to violate laws or college regulations.
TIMELY WARNING REPORTS – CRIME ALERTS

In an effort to provide timely notice to the campus community in the event of a Clery Act crime that may pose a serious or ongoing threat to members of the community, the Public Safety Department issues “Crime Alerts.” Public Safety will generally issue Crime Alerts for the following crimes: arson; aggravated assault; criminal homicide; robbery; burglary; sex assaults; and hate crimes. Public Safety will post these warnings through a variety of ways, including but not limited to e-mails, text messages, and phone messages. The College only has the ability to send text message alerts to those who register their cell phone numbers. Text messaging can be a very effective way to send important information quickly to the campus community.

The purpose of these Crime Alerts is to notify the campus community of the incident and to provide information that may enable community members to protect themselves from similar incidents. The college will issue Crime Alerts whenever the following criteria are met: 1) a crime is committed; 2) the perpetrator has not been apprehended; and 3) there is a substantial risk to the physical safety of other members of the campus community because of this crime. Such crimes include, but are not limited to: 1) Clery Act crimes that are reported to any campus security authority or to campus police; or 2) the College determines that the incident represents an on-going threat to the campus community.

Additionally, the Public Safety Department may, in some circumstances, issue Crime Alerts when there is a pattern of crimes against persons or property. At Dalton State, the Chief of Police will generally make the determination, in consultation with the VP of Fiscal Affairs, if a Crime Alert is required. However, in emergency situations, any police supervisor may authorize a Crime Alert. For incidents involving off-campus crimes, the college may issue a Crime Alert if the crime occurred in a location used and frequented by the college population.
Emergency Management at Dalton State College

The Department of Public Safety is responsible for the Emergency Management Plan (EMP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education that includes planning, mitigation, response, and recovery actions.

Our priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency
- Coordination with College departments to write, maintain, test, and exercise the EMP
- Cooperation, Integration, and Mutual Aid with local, state and federal planning, response, and public safety agencies and their EMPs.

A copy of Dalton State’s Emergency Response Procedures is available here:

The Roadrunner Alert is Dalton State’s mass communication system. It allows the college to send text messages, emails, and voice messages to the community. It is important for everyone to make sure their information is updated each semester, and sign up to receive alerts. More information is available on-line at:

https://www.daltonstate.edu/about/alert.cms

Drills, Exercises and Training

Periodically, Dalton State conducts an emergency management exercise to test emergency procedures. The scenarios for these exercises change from year-to-year, and may include several departments from across the campus.
To ensure the college’s emergency management plans remain current and actionable, the college will conduct an emergency management exercise, at a minimum, once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. The college conducts after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the college will notify the community of the exercise and remind the community of the information included in the College’s publicly available information regarding emergency response procedures.

**Emergency Notification**

Dalton State is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. Dalton State’s mass communication system is the Roadrunner Alert. It is an emergency notification service available to students, staff, and anyone in the college community who wants to subscribe. The Roadrunner Alert can be used to send emergency messages quickly after the occurrence of an incident. Alerts sent by Roadrunner Alert are also posted to the college community via our website home page and Dalton State’s Facebook page.

The Public Safety Department performs a College-wide test of the system each semester. The following procedures outline the process the College uses when issuing emergency notifications.

**Procedures Used to Notify the Campus Community**

In the event of a situation that poses an immediate threat to members of the campus
community, Dalton State has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all or a segment of campus community. These methods of communication include the mass notification system – Roadrunner Alert, public address system within each building, and public address system in police cars. The college will post updates during a critical incident on the homepage. If the situation warrants, the college may establish a telephone call-in center to communicate with the Dalton State community during an emergency situation.

*Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System*

The Department of Public Safety may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the Police Dispatcher or upon discovery during patrol or other assignments.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders will notify Dispatchers in the Department of Public Safety to issue an emergency notification.

Dalton State will immediately initiate all or some portions of their emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the college may elect to delay issuing an emergency notification. Occasionally it might be several minutes before a notification is sent, during this time official are quickly investigating what occurred and determining the threat if any to the campus community. As soon as the condition that may compromise efforts is no longer
present, the college will issue the emergency notification to the campus community.

**Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification**

The Public Safety Department will issue the emergency notification after determining what segment or segments of the Dalton State community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. Dalton State may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the Roadrunner Alert mass notification system, the college will also post applicable messages about the dangerous condition on the Dalton State homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, college officials will distribute the notification to the entire campus community.

**Determining the Contents of the Emergency Notification**

The Public Safety Office is responsible for issuing the emergency notification (usually the Police Dispatchers) and will use prewritten messages to send to the community in most all situations. The college has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident. In those cases, where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most appropriate message to convey the information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.
Enrolling in the Emergency Notification System

We encourage members of the campus community to enroll in the Roadrunner Alert mass notification system by visiting:

https://www.daltonstate.edu/about/alert.cms

We also encourage the College community members to regularly update their personal information in Banner.

SECURITY OF and ACCESS TO COLLEGE FACILITIES

On the Dalton State campus, the administrative building is generally open from 8:00 a.m. until 6:00 p.m., Monday through Thursday (8:00 a.m. until 12:00 p.m. on Friday), and academic buildings generally are open from 7:00 a.m. until 11:00 p.m. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access.

Many cultural and athletic events held in the college facilities are open to the public. Other facilities such as the library are likewise open to the public. Only those who have demonstrated a need are issued keys to a building.

Special Considerations for Residence Hall Access (Mashburn Hall)

On the Dalton State Campus, all residence rooms have individual electronic access cards that only the residents who reside in a particular residence are issued.

Only residents and their invited guests are permitted in the living areas of the residence hall. It is the resident’s responsibility to ensure that his/her guest is aware of the college and residence hall policies. Guests are not provided with building/room access. It is the
responsibility of residents and staff members to report individuals who cannot be identified as residents or the guests of residents. When Campus Police receive a report of a suspicious person in the residence hall, a police officer is dispatched to identify that person. The Department of Public Safety staffs each shift with an adequate number of officers to patrol and handle calls for service. Most of these officers spend much of their time patrolling in and around the residence hall complex, especially when the college is closed. Resident Assistants are assigned to residence halls in which they help manage. During low-occupancy periods such as holidays and scheduled breaks, students are consolidated into designated rooms. During the summer when groups who are not regularly associated with Dalton State are using the residence halls, Police conduct more routine patrols of the residence halls.

Security Considerations for the Maintenance of Campus Facilities

Dalton State is committed to campus safety and security. On campus, locks, landscaping and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings and from building to building.

Plant Operations and the Department of Public Safety, conducts surveys of college property to evaluate campus safety concerns.

We encourage community members to promptly report any security concern, including concerns about a locking mechanism, lighting, or landscaping to the Plant Operations Department at 706-272-4446 or the Public Safety Department at 706-272-4461.
CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

In addition to the many programs offered by the Campus Police and other college offices, Dalton State has established a number of programs and policies related to ensuring a reasonably safe campus community.

Campus Assessment, Response, and Evaluation (CARE) Team

The Chancellor’s office has directed all USG institutions to create a committee that will attend to the safety of the campus community by addressing potential threats to that community. Dalton State College has responded by establishing a CARE-Team to function as an additional measure for campus safety. The role of the CARE-Team is to act as a behavioral intervention team and to review and respond to incidents of aberrant, dangerous, or threatening behavior that involve members of the campus community. The CARE-Team membership consists of college personnel with student affairs, law enforcement, threat assessment, mental health, and social services expertise. The team may also consult on an as-needed basis with other individuals such as faculty members, human resources staff, etc., who have relevant expertise and knowledge.

The CARE Team differs from the Student Conduct Committee in that the Student Conduct Committee is charged with hearing violations of the Student Code of Conduct. The CARE Team assists with supporting a safer campus environment and will evaluate and respond to reports of disturbing behavior that may, or may not be, violations of the Student Code of Conduct.

Please use the following link to report concerning behavior:

For additional assistance, contact: Jodi Johnson 706-272-4436 or jjohnson@daltonstate.edu
Weapons Policy

Georgia State law authorizes legal owners of firearms with a valid carry permit to carry a handgun concealed under conditions specified in OCGA 16-11-127.1 or secured in their vehicle. As of July 1, 2016, electroshock weapons are allowed on campus if the individual is over 18 YOA or a currently enrolled student. Failure to comply with state law could result in disciplinary/criminal action against violators. It is the firearm owner’s responsibility to comply with state law.

Crime Prevention and Safety Awareness Programs

In an effort to promote safety awareness, the Department of Public Safety and the Department of Student Life maintains a strong working relationship with the community. This relationship includes offering a variety of safety and security programs and services and crime prevention programming. The crime prevention programs teach the participants awareness about specific crimes and ways to prevent them from becoming involved. Risk reduction programs are also available that identify specific crimes and show participants how to avoid them, and also how to protect themselves if they do become involved. The departments work together to provide the campus community with awareness and prevention programs involving sexual assault, theft, self-defense, and more. If you or your organization would like to request a specific program, please contact Officer Elicia Walker at ewalker@daltonstate.edu. Below are some of the programs and services available:

**NAME OF PROGRAMS**

Bystander Intervention

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources for support in health, counseling, or with legal assistance.
**Student Conduct**

The mission of student conduct is to investigate possible violations of the Student Code of Conduct and provide student development through intentional educational activities aimed to encourage responsible citizenship, educate about how choices can harm oneself, others, or the community, and reduce violations of campus policies. The student conduct processes strives to provide fair proceedings and equitable outcomes that ultimately educate students, faculty, and staff involved and to enhance ethical development. Student conduct relies on a collaborative effort between students, faculty, staff, and community members to create the best learning environment for the entire campus community, as well as, to protect the rights, health, and safety of the entire campus community.

**Student Code of Conduct**

The Office of Student Life is responsible for administering the Student Code of Conduct, which articulates the behavioral standards and the equitable procedures used by the college to respond to allegations of student misconduct. The Code of Conduct may be accessed at:

[http://catalog.daltonstate.edu/studenthandbook/studentsrightsandresponsibilities/](http://catalog.daltonstate.edu/studenthandbook/studentsrightsandresponsibilities/)

**Disciplinary Procedures**

1. **Throughout the student conduct disciplinary procedures, accused students shall be afforded the following rights:**
   
   A. To receive notice of alleged violations
   
   B. To be provided an opportunity to respond to alleged violations
   
   C. To seek information from the Student Conduct Administrator or a hearing officer about the review and resolution processes
   
   D. To be accompanied by one advisor of his/her choice to conduct meetings and hearings (For further information on advisors, see section IV.7)
E. To present relevant information on his/her behalf
F. To request relevant witnesses in his/her behalf
G. To remain silent during any investigations and/or hearing and have no interference of responsibility drawn from such silence. (If the respondent chooses to remain silent, the investigation may still proceed, and policy violation charges may still result, and any charges may be resolved regarding the respondent)
H. To have unrelated charges and cases resolved separately, unless the respondent consents to having them aggregated
I. To be informed of any disciplinary outcomes in writing
J. To appeal decisions on specific grounds (For further information on appeals, see section X)
K. To attend classes and required College functions until a hearing is held and a decision is rendered. Exceptions can be made when an interim suspension is imposed. (For further information on interim suspension see Section IX)

2. Complaints
A. Anyone may submit a report detailing possible violations of the Student Code of Conduct. Reports should be directed to the student conduct administrator. Reports can be submitted online at https://www.daltonstate.edu/campus_life/student-conduct-about.cms.
B. Reports should be submitted as soon as possible after the event takes place, preferably within one week. However, there is no deadline for submitting a compliant, assuming the accused student is or was a student at Dalton State at the time of the violation and there is adequate information to proceed with the conduct process.
C. Complaints should include as much information as possible, such as: the type of misconduct alleged, the name and contact information of the
respondent, the date(s), time(s), and place(s) of the misconduct, the name(s) and contact information of any individual(s) with knowledge of the incident, whether any tangible evidence has been preserved, and whether a criminal complaint has been made.

D. Information from complaint may be shared as necessary to investigate. The need to issue a broader warning to the community in compliance with the Clery Act shall be assessed in compliance with federal law.

E. Where appropriate, complainants may file a law enforcement report along with an institutional report.

F. **Confidentiality:** Where a complainant or alleged victim request that his or her identity be withheld or the allegation(s) not be investigated, Dalton State will consider whether or not such request(s) can be honored while still providing a safe and nondiscriminatory environment for the College. The College will inform the requesting party that Dalton State generally cannot guarantee confidentiality. Further, honoring the request may limit Dalton State’s ability to respond fully to the incident and may limit Dalton State’s ability to discipline the respondent.

G. **Retaliation:** Anyone who, in good faith, reports what she or he believes to be student misconduct, participates in, cooperates in, or is otherwise associated with any investigation, shall not be subjected to retaliation. Anyone who believes he or she has been the target of retaliation for reporting, participating in, or cooperating in, or otherwise being associated with an investigation should immediately contact the student conduct administrator (or public safety if there is an immediate danger). Any person found to have engaged in retaliation in violation of the student conduct policy shall be subject to disciplinary action.
H. **False Complaints:** Individuals who intentionally give false statements to a College official, or who submit false complaints or accusations, including during a hearing, in violation of policy shall be subject to disciplinary action.

I. **Amnesty:** Individuals should be encouraged to come forward and to report student misconduct notwithstanding their choice to consume alcohol or to use drugs. Information reported in good faith by an individual during an investigation concerning use of drugs or alcohol will not be used against that individual in a disciplinary proceeding and will not be voluntarily reported to law enforcement; however, individuals may be provided with resources on drug and alcohol counseling and/or education, as appropriate.

3. **Initial Evaluation of Student Conduct Reports**

Regardless of how the College becomes aware of misconduct, it shall ensure a prompt, fair, and impartial review and resolution of complaints alleging student misconduct. The Student Conduct Administrator or designee will review each complaint to determine whether the allegation(s) describe conduct in violation of the Dalton State Code. If reported conduct would not be a violation of the Code, the report shall be dismissed. Otherwise a prompt, thorough, and impartial review shall be conducted into each complaint received to determine whether charges against the respondent should be brought.

4. **Types of Resolution Processes**

When a student is accused of a violation of the Code, there are three different types of disciplinary procedures that could take place depending on type of alleged violation, severity of alleged violation, and possible sanctions. Any sexual misconduct violations will be forwarded to the Title IX coordinator and
be subject to the sexual misconduct procedures, located in the sexual misconduct policy.

A. **General Conduct Process**: these procedures are used for student misconduct cases where suspension or expulsion are not possible sanctions. Academic dishonesty cases are not included. For further information on the General Conduct Process see Section V.

B. **Suspension and Expulsion Process**: these procedures are used for student misconduct cases where suspension or expulsion are possible sanctions. Use of this process does not mean a student will be suspended or expelled, but means that is a possible sanction should the student be found responsible for a violation. Academic dishonesty cases are not subject to this process. For further information on the Suspension and Expulsion Process see Section VI.

C. **Academic Dishonesty Process**: these procedures are utilized for any academic dishonesty case, where any sanction is possible, including suspension and expulsion. For further information see Section VII.

5. **Hearing Types**

A. **Administrative Hearing**: a meeting with one hearing officer to determine if a student is responsible or not responsible for an alleged violation. If a student accepts responsibility or is found responsible by a preponderance of evidence, sanctions are also determined by the hearing officer in this hearing. This meeting can occur if a student accepts responsibility for the alleged violation or if a student chooses an administrative hearing opposed to a student conduct panel.

B. **Student Conduct Panel**: a hearing in which a group of trained hearing officers determine whether a student has violated the Code and assign
sanctions when an outcome of responsible is reached. The student conduct panel determines responsibility based upon all material available, which can include, but is not limited to, incident reports, police reports, investigative reports, witness statements and/or testimony, statements and/or testimony from the complaining and accused parties. Notice of the time, date, and location of the panel hearing shall be provided to the respondent (and alleged victim, where applicable) at least five (5) business days in advance of the hearing.

i. The Student Conduct Panel is made up of at least three (3) individuals. These individuals are selected from a pool of trained panelist, which include students, faculty, and staff.

ii. The Student Conduct Panel is not trained by the individuals tasked with investigations allegations of student misconduct.

iii. After all material is presented by the complainant and respondent, including their testimony, and the testimony of witnesses, the Student Conduct Panel shall conduct a closed deliberation, in which they will determine, by majority vote, whether the accused student has committed a violation of the Code by a preponderance of evidence.

iv. If a case involved more than one respondent, the students’ Conduct Panel may be conducted together.

6. **Standard of Evidence**

   Every hearing officer’s decision of responsibility shall be based on a preponderance of evidence. Preponderance of evidence can be defined as just enough information to determine “more likely than not” that a violation did
occur or did not occur. Formal rules of evidence do not apply to any part of the student conduct process including investigatory or resolution process.

7. Advisors
Throughout any conduct process, the respondent (and alleged victim, where applicable) shall have the right to use an advisor or his or her choosing, and at his or her own expense, for the express purpose of providing advice and counsel. An advisor can be, but is not limited to a parent, fellow student, faculty member, coach, or attorney. The advisor may be present during meetings and proceedings at which his or her advisee is present, including but not limited to any initial meeting, the investigative phase (if applicable), and the hearing. The advisor may advise his or her advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions of the advisee, but shall not participate directly. The institution shall not prohibit family members of a party from attending if the party requests such attendance in addition to another advisor, however the College may limit each participant to two (2) family members. A student should select an advisor whose schedule allows attendance at the scheduled date and time at any student conduct meeting, including the Student Conduct Panel, if necessary. Delays will not be allowed due to scheduling conflicts of advisors or family members.

8. Witnesses
The complainant, respondent, and hearing officer may arrange for witnesses to present pertinent information to the hearing officer or Student Conduct Panel. Witnesses can include, but are not limited to persons who have pertinent information regarding the matter and/or are a direct witnesses to the matter. Character witnesses are not allowed.
The College will try to arrange the attendance of witnesses who are members of the College community and who are identified by the complainant and/or accused student at least two (2) business days in advance of the hearing. Witnesses will provide information and answer questions during the hearing. Witnesses can submit statements to the hearing officer or panel if they cannot be in attendance at the hearing.

9. **No Shows to Hearings**

All hearings shall proceed in the event that an accused student or complaining party chooses not to appear. The charges shall be presented and considered in absence of the students, with whatever materials and information are available at that time. Five minutes after the scheduled hearing time, the hearing will begin.

10. **Distance Students**

Distance Education Students will have a comparable, yet accessible hearing that follows these guidelines as closely as possible.

11. **Record of the Hearing**

There shall be a single verbatim record, such as an audio recording, of all Student Conduct Panel Hearings, not including deliberations. The record shall be the property of Dalton State College. The tape recording and/or summary transcription of the proceedings shall be kept and made available at the accused student’s request (and victim’s request, when applicable) for the sole purpose of an appeal of an outcome or sanction. The student may also have a verbatim script of the Student Conduct Panel hearing made at his/her own expense.
**Student Conduct Sanctions**

Sanctions are possible disciplinary actions which may be imposed upon a student who is determined to be responsible for a violation of the Code through an administrative hearing or student conduct panel.

In determining the severity of sanctions or corrective actions, the following should be considered: the frequency, severity, and/or nature of the offense(s), history of past conduct, an offender’s willingness to accept responsibility, previous institutional response to similar conduct, and the institution’s interests. The student conduct panel or hearing officer will determine sanctions and issue notice of the sanctions in an outcome letter.

Failure to complete or abide by any assigned sanction can lead to further violations of the Code and additional disciplinary action.

More than one sanction may be imposed for a single violation.

The following list of sanctions is not exhaustive and may be enlarged or modified to meet particular circumstances for a given case:

The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam – which is important both to address any health issues that may arise and evidence collection. Any clothing removed should be placed in a paper, not plastic, bag. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented by taking a photograph. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should be saved and not altered in any way.

**Personal Safety**

Theft, disorderly conduct, and alcohol related offenses sometimes occur on college campuses. However, they don’t stand-alone. Despite law enforcement’s efforts, serious crimes may occur on any campus. It is important to report any suspicious incidents to police and always remain alert and vigilant.

One of the more serious crimes that too often is unreported is Sexual Assault. It is important to know what these crimes are, because in many cases, victims do not realize that have been victimized. Additionally, crimes of this nature are very difficult for victims to report for a number of very complex reasons. We provide the following information to assist those help who may have been victims of sexual assault or who have a friend who has been sexually assaulted.

There are many guidelines to help you be more alert and aware of the situation to prevent such serious crimes. Such as:

- **Know your surroundings**
- Be alert
- Call for help
• Report any suspicious people and/or activity, immediately

Defining Rape and Sexual Assault

RAPE is committed when there is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

SEXUAL ASSAULT is defined as when a person engages in sexual intercourse (rape) or deviant sexual behavior with a complainant without the victim’s consent (sexual battery, aggravated battery).

CONSENT is defined as an agreement or permission to do or allow something to happen. While these definitions are clear, victims often have difficulty reporting a sexual assault for numerous reasons such as knowing the perpetrator, fear of retaliation, fear of parents knowing about the incident, fear of getting in trouble with law enforcement. Despite these concerns, it is vital to report such incidents in order to get help.

The following information provides steps to follow should a sexual assault occur:

• Get to a safe place as soon as possible!

• Try to preserve all physical evidence – The victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until s/he has a medical exam. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department. Advocates from the Women’s Resource Center can be available to the victim to provide support - 706-876-1322 or 911.

• Get medical attention as soon as possible – An exam may reveal the presence of physical injury of which the victim is unaware. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraceptive pills are offered to all victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. If the
victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for 6-8 hours after ingestion.

- Contact campus police – Sexual assault is a crime; it is vital to report it. It is important to remember report a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. Final decision to prosecute is determined by the District Attorney.

- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand his/her feelings and begin the process of recovery.

**Our Commitment to Addressing Sexual Assault/Rape**

Dalton State does not tolerate sexual misconduct or abuse, such as sexual assault, rape or any other forms of nonconsensual sexual activity. **College Disciplinary Procedures in Sexual Assault Incidents**

If you have been sexually assaulted, you have options for addressing such conduct. You may wish first to discuss the problem privately with a counselor in Counseling and Career Services or another confidential counselor. The Public Safety Department is always available to assist a victim with getting the support she/he requests.

The College’s Student Conduct process is designed to afford a complainant (the person who is bringing a charge) and a respondent (the person who is answering a charge) a fair, prompt, and appropriate resolution process. The process is designed to help persons who need support as they address these incidents.

In any case, both the accuser and the accused are entitled to the same opportunities to have others present during any disciplinary proceeding. Both the accuser and the accused will be informed of the outcome of any proceeding.

During any sexual assault complaint proceeding, Dalton State has a range of sanctions available. Those sanctions may range from probation to expulsion, depending upon the nature and circumstances of the specific incident.

A sexual assault is any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent, as well as incest or statutory rape.

Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim. Dating violence means violence committed by a person who is or has been in a romantic or intimate relationship with the victim. Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.
Procedures Victims Should Follow

If an incident of sexual assault, domestic violence, dating violence or stalking occurs it is important to preserve evidence to aid in the possibility of a successful criminal prosecution. **Bystanders**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.
1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.

2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.

3. Speak up when someone discusses plans to take sexual advantage of another person.

4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

5. Refer people to on- or off-campus resources for support in health, counseling, or with legal assistance.

Health Risks
Cirrhosis of the liver, kidney damage, physical and psychological addiction, hallucinations, lung damage, diminished sperm count in males, impairment of motor coordination and perception, heart disease and failure, damage to the developing fetus, stomach ulcers, brain damage, coma, depression, and psychosis are all health risks associated with the use of illicit drugs and alcohol.

Drug and alcohol abuse result in significant health problems for those who use them. Drug and alcohol use in the workplace not only contributes to lost productivity, but also causes tremendous financial losses related to absenteeism, accidents, health care, loss of trained personnel, and employee treatment programs. Drug and alcohol abuse causes physical and emotional dependence. Certain drugs, such as opiates, barbiturates, alcohol and nicotine create physical dependence. With prolonged use, these drugs become part of the body chemistry. When a regular user stops taking the drug, the body experiences the physiological trauma known as withdrawal. Psychological dependence occurs when taking drugs becomes the center of the user’s life. Drugs have an effect on the mind and body for weeks or even months after drug use has stopped. Drugs and
alcohol can interfere with memory, sensation, and perception. They distort experiences and cause loss of self-control that can lead users to harm others as well as themselves.

There are certainly many additional health risks associated with substance abuse too lengthy to list. The above are some of the most common and detrimental. For more information concerning these health risks and others, please contact Hamilton Medical Center or the Westcott Center of Hamilton Medical Center.

ANNUAL DISCLOSURE OF CRIME STATISTICS

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. Dalton State College Public Safety maintains a close relationship with all police departments where it owns or controls property to ensure that crimes reported directly to these police departments that involve the College are brought to the attention of the Dalton State Police.

The Public Safety Department collects the crime statistics disclosed in the charts through
a number of methods. Police dispatchers enter all reports of crime incidents made directly to the department through an integrated computer aided-dispatch systems/records management system. After an officer turns in a report, it is appropriately classified in the correct crime category by the dispatcher when entering the report. The Department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime data that the Department of Public Safety maintains, the statistics below also include crimes that are reported to various campus security authorizes, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub categories on liquor laws, drug laws and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

Definitions of Reportable Crimes

Primary Crimes:

Murder/Manslaughter – defined as the willful killing of one human being by another.

Negligent Manslaughter – is defined as the killing of another person through gross negligence.

Sex offenses – Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Attempted sexual assaults within the four types of sex offenses count in the statistics.

A. Rape — The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
B. Fondling — The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

C. Incest — Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

D. Statutory Rape — Sexual intercourse with a person who is under the statutory age of consent.

**Robbery** – is defined as taking or attempting to take anything of value from the car, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault** – is defined as an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. In making determinations about whether or not an assault that is carried out with hands and feet is aggravated, Dalton State will consider not only the intent of the attacker but the extent of the injuries. If an attack results in broken bones, a loss of consciousness or significant blood loss, or requires medical treatment, the incident must be classified as aggravated.

**Burglary** – is the unlawful entry of a structure to commit a felony or a theft.

**Motor Vehicle Theft** – is the theft or attempted theft of a motor vehicle.

**Arson** – any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Hate Crimes**

**Hate Crimes** – A hate crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim.

**Larceny/Theft**—includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.
Simple Assault—an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

Intimidation—to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism or Property (except Arson)—to willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Categories of Prejudice:

Race – A preformed negative attitude toward a group of persons who possess common physical characteristics genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind.

Gender – A preformed negative opinion or attitude toward a group of persons based on their actual or perceived gender. E.g. male or female.

Gender Identity- A preformed negative opinion or attitude towards a person or group of persons based on their actual or perceived gender identity. e.g. bias against transgender or gender non-conforming individuals.

Religion – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being.

Sexual Orientation – A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.

Ethnicity/national origin – A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions.
Disability – A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Dating violence, domestic violence, and stalking

Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

Domestic Violence – A felony or misdemeanor crime of violence committed:

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or,
- By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- Does not include roommates

Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- (i) Fear for the person’s safety or the safety of others; or
- (ii) Suffer substantial emotional distress.

Sexual activity requires consent, which is defined as voluntary, positive agreement between the participants to engage in specific sexual activity.

Communicating consent:

- Consent to sexual activity can be communicated in a variety of ways, but one should presume that consent has not been given in the absence of clear, positive agreement.
- While verbal consent is not an absolute requirement for consensual sexual activity, verbal communication prior to engaging in sex helps to clarify consent.
Communicating verbally before engaging in sexual activity is imperative. However potentially awkward it may seem, talking about your own and your partner's sexual desires, needs, and limitations provide a basis for a positive experience.

- Consent must be clear and unambiguous for each participant at every stage of a sexual encounter. The absence of "no" should not be understood to mean there is consent.

- A prior relationship does not indicate consent to future activity.

Alcohol and drugs:

- A person who is asleep or mentally or physically incapacitated, either through the effect of drugs or alcohol or for any other reason, is not capable of giving valid consent.

- The use of alcohol or drugs may seriously interfere with the participants' judgment about whether consent has been sought and given.

ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The chart and information on the following pages detail all information required by this act for Dalton State College for on campus housing. Dalton State only maintains housing at the main campus location located at 650 College Drive Dalton, Georgia, 30721.

Definitions

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

**On-Campus Student Housing** – A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

**Fire** – Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Residence Hall Fire Drills**

Fire drills are conducted in all on-campus residence halls during the school year to allow occupants to become familiar with and practice their evacuation skills. The drills are conducted by the Residence Assistants, Housing Management and College Police.

**Fire Safety**

Dalton State takes Fire Safety very seriously and continues to enhance its programs to the community through education, engineering and enforcement. Educational programs are available throughout the year to residents so they are aware of the rules and safe practices. These programs, which are available, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

**FIRE SAFETY REPORT FOR CAMPUS HOUSING**

According to current Department of Education Guidelines for fire safety, DSC has compiled the following information and statistics relevant to fire safety at DSC.
I. Description of the Fire Protection Equipment in Each on Campus Housing Unit:

- There are a total of nine (9) buildings with student living space, making up a total of 120 apartments.
- There are a total of 135 fire extinguishers; 1 in every apartment, 1 on the exterior of every apartment building, and 6 in housing maintenance. All systems are inspected annually by certified inspectors licensed in the state of Georgia. All records are kept on file in the Public Safety Office.

II. Number of Regular Mandatory Supervised Fire Drills and Training Exercises:

1. Fire Drill 2/3/2014
2. Fire Drill 9/23/2014
3. Campus Wide Emergency Exercise Included City and County Fire, local LE, EMS, and EMA 4/2014
4. Fire Drill 1/2015
5. Fire Drill 8/2015
6. Fire Education for Residents 8/2015
7. Virtual Table Top Exercise – Active Shooter 10/2015
10. Tabletop with local first responders- active threat, bomb
III. Policies or Rules on Fire Safety Education and Training Programs Provided

- Fire training is provided to residents, and fire safety pamphlets handed out. In addition, students, faculty, and staff may request additional training.

- Although the potential for fire always exists, routine inspections, maintenance and training are effective elements in reducing bodily injury, loss of life, and damage to property. Faculty, staff, and students should all be knowledgeable of those elements that cause fires and how to eliminate them. All persons should be aware of the fire safety regulations and conditions that have the potential to start a fire such as the use of extension cords or the improper storage of chemicals, paint, cleaning supplies, rags, papers, etc. Portable appliances should also be used cautiously such as small heaters can start a fire if placed too close to flammable materials. Also open flames such as smoking or even candles are not to be used in student housing because of the risk of fire. Routine inspections and maintenance of fire extinguishers, fire hydrants, smoke alarms, and emergency call boxes are essential. At the same time, each Resident/Student should be aware of their Emergency Evacuation Guidelines and Assembly Points. Emergency evacuation information is provided by the Residence Life Staff at the beginning of the semester.
IV. Procedures To Follow in the Event of a Fire

- Any person seeing or suspecting a fire should call (706) 272-4461 or 911. If the fire is small, such as a wastebasket fire, a reasonable attempt to extinguish the flames should be made. Even though the fire may be completely extinguished, the incident must be reported to DSC Public Safety, as the underlying cause for the fire may be remaining. It is STRONGLY encouraged that all reports of fires go to the public safety department, extinguished fires may be made to the Residential Life Director or Assistant Director if there is not a health or safety concern.

V. Fire Prevention

- Waste must be stored and properly disposed of to prevent the creation of a fire and safety hazard.
- Flammable materials should be stored in a properly labeled flame resistant cabinet.
- Do not overload outlets with multiple outlet cords or multiple plug adapters.
- Keep closets free of old rags, paper or other combustible odds and ends.
- Keep all walkways and stairwells free from obstruction at all times.

VI. Fire Evacuation

- Upon Discovery of a fire or smoke, exit the dorm.
- Go immediately to the designated assembly area and wait for further instructions.
- Stay clear of emergency response personnel and equipment.
• Do not reenter the building until emergency response officials have declared that it is safe to do so.

(Emergency fire drills shall be conducted for each building at least once per year.)

Dalton State is always trying to improve existing practices and systems for the safety of the Residential Life Community, and will make improvements as deemed necessary by the institution.

In addition to the above requirements, institutions are required to maintain a log of all fire related Incidents involving the campus community (i.e. students, faculty, & staff). The law also prescribes additional fire safety reports be published for the campus community that includes the statistical portion of the annual DOE Fire Log. The fire log will be maintained in the Department of Public Safety and fire statistics will be included in the Cleary report.

It should be also noted that false alarms in other campus buildings provide students, faculty, staff, and first responder’s additional training in responding to incidents related to fire.

**Fire Incident Reporting**

Students, faculty and staff are instructed to call 272-4461 or 911 to report a fire emergency. Non-emergency notifications (e.g. evidence that something burned) should be made to housing management.
Plans for Future Improvements in Fire Safety

We continue to monitor trends related to residence hall fire incidents and alarms to provide a fire safe living environment for all students. New programs and policies are developed as needed to help insure the safety of all students, faculty and staff.

CRIME PREVENTION TIPS

While the Dalton State College campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics below, other common crimes that occur on campus are outlined below:

Theft

Oftentimes this is due to the fact theft is a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Resident’s Doors should be locked at all times. The following is a list of suggestions to help you not fall victim of theft:
