Victims are not required to report to law enforcement in order to receive assistance from or pursue any options with Dalton State.

The Public Safety Department or designated offices can assist a victim in obtaining a restraining order, or medical assistance after being involved in an incident.

The designated offices will provide the victim with a copy of these rights and options regardless of whether the incident occurred on campus. Also, the victim can get information on counseling, mental health services, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims. Also, changes may be made to academic, living, transportation, and working situations, or protective measures regardless of whether the victim reports the incident to law enforcement.

I. Procedures Victims Should Follow

If an incident of sexual assault, domestic violence, dating violence, or stalking occurs it is important to preserve evidence so that a successful criminal prosecution remains an option. The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam – which is important both to address any health issues that may arise and evidence collection. Any clothing removed should be placed in a paper, not plastic, bag. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented by taking a photograph. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should be saved and not altered.

II. On & Off Campus Resources

Both Dalton State and our local community offer other important resources to the victims of sexual violence including medical treatment, counseling and advocacy they may wish to utilize. Whitfield County Victim/Witness Assistance Office is available to assist any student or employee free of charge and will help them consider their options and navigate through any resources or recourse they elect to pursue. A victim need not make a formal report to law enforcement or Dalton State to access these resources.

III. Accommodations

Whether or not a student or employee reports to law enforcement and or pursues any formal action, if they report an incident of sexual assault, domestic violence, dating violence, or stalking, Dalton State is committed to providing them as safe a learning or working environment as possible. Upon request Dalton State will make any reasonably available change to a victim’s academic, living, transportation, and or working situation. Students and employees may contact the Title IX Coordinator at 706-272-2034 for assistance. If a victim reports to law enforcement, they may assist them in obtaining a no-contact/restraining order from a criminal court.
Dalton State is committed to ensuring that any such order is fully upheld on all institutionally owned and controlled property, and is also committed to protecting victims from any further harm, and the College may issue an institutional no-contact order.

IV. Protective orders

If you’re a victim or potential victim, you must apply to a judge for a protective order. You must convince the judge that it’s necessary to prevent continuing or imminent harm. In a domestic violence situation, however, the judge may issue a temporary order immediately, then later hold a hearing to determine whether to make the restraining order final. Contact the Whitfield County Magistrate Court for more information:
