January 4, 1999

Dr. James A. Burran
President
Dalton College
213 North College Drive
Dalton, GA 30720-3797

Dear Dr. Burran:

The following action regarding your institution was taken at the December 1998 meeting of the Commission on Colleges:

Approved membership at Level II to offer the Bachelor of Science degree in Industrial Operations Management and in Management Information Systems and the Bachelor of Applied Science in Technology Management and authorized the appointment of a Substantive Change Committee to visit the institution.

In accordance with the Commission's policy, an institution previously accredited at the associate degree level and newly accredited at the baccalaureate degree level must complete a self-study and have its accreditation reaffirmed five years after the official action of accreditation at the baccalaureate level. Therefore, Dalton College's next scheduled reaffirmation will occur in 2003.

We appreciate your continued support of the activities of the Commission on Colleges. If you have questions, please contact the staff member assigned to your institution.

Sincerely,

James T. Rogers
Executive Director
Commission on Colleges
