RE: Program #04600000

Current Accreditation Status: 8 Years
Most Recent Site Visit: 09/00
Agenda: R-Q

Dear Dr. Burran:

After review of the requested interim report, the continuing accreditation status of the associate degree and certificate radiography program sponsored by Dalton State College was considered at the April 22, 2005 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is recognized by the U.S. Department of Education as the national agency for the accreditation of educational programs for the radiographer and radiation therapist and is responsible for all accreditation actions. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiologic Sciences (2002)**. The JRCERT took the following action:

MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.

The next site visit is tentatively scheduled for the Third Quarter of 2008.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any onsite inspection.

The Joint Review Committee on Education in Radiologic Technology Directors and staff congratulate you and the program faculty for maintaining the maximum award of accreditation from the JRCERT and wish you continuing success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact us.

Sincerely,

Patricia J. Giordano, M.S., R.T.(R)(T)
Chair
