## Assess 3 Categories, Create 1 Strategy

...In Less Than 10 Minutes

### Identify the Student Skill or Associated Course Leading to This Strategy Development

Based On Your Professional Expertise and Experiences with the Student

### Evaluate Student Learning Preferences To Determine Appropriate Resource (See Attachment)

Examples Include Reflecting or Talking with the Student Related to the Following Questions:

- Would the Student Prefer to Work One-On-One or In Groups?
- Does the Student Need Structured Appointments or Walk-In Assistance? In-Person or Virtual?
- Is the Student More Comfortable Receiving Support from Faculty or a Knowledgeable Peer?
- Does the Student Want to Work with the Same Person Consistently or Can this Person Vary?

### Faculty/Staff Action Item

Informing the student of what you are doing to connect them with the resource can eliminate unknowns that often hinder students from following through.

Examples Include:

- Walk the Student to the Resource Location
- Send an Email to the Resource Contact and Copy the Student for An Introduction
- Host Resource Presentations in Your Classroom or With Your Student Groups
- Assure the Student That You Will Inform the Resource Contact To Expect You
