

# Consider a Career in **Radiologic Technology**

Radiologic technologists perform exams on patients that allow physicians to look into the human body.

Imaging specialist in radiology can earn approximately \$38,500 (\$19/hr) a year up to \$60,000 (\$31/hr) with additional training.

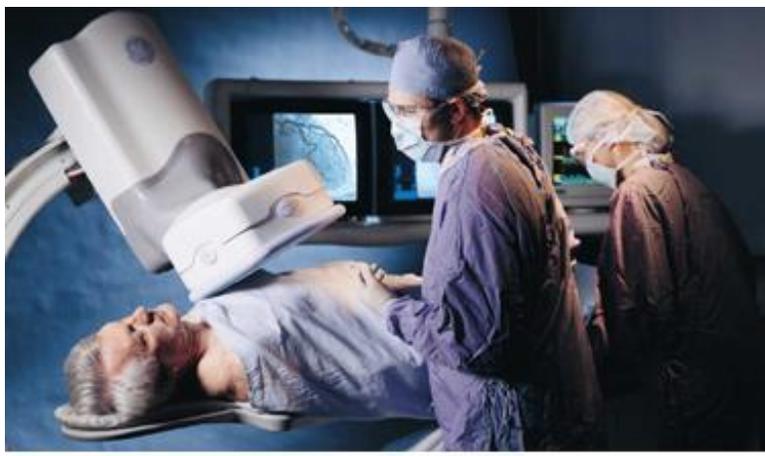

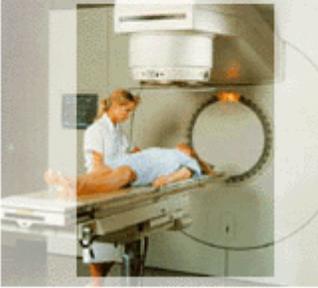

First Step: Concentrate studies in math and sciences. (College Tract)

Second Step: Enroll in Dalton State College and complete your prerequisite courses.

Third Step: Apply to the school of Radiologic Technology at Dalton State College. The radiology program will take two years.

## Radiation Therapy

**Cardiovascular Technology**

**Computed Tomography**

**Sonography (Ultrasound)**

**Magnetic Resonance (MRI)**

**Nuclear Medicine**
