

**Course Progression for
Minor in Finance
2023-2024**

The finance minor prepares business majors to create value in any business type by broadening their learning experience by providing coursework in financial topics including investments, corporate finance, and risk management. Elective classes allow students to tailor their program based on their interests to acquire skills to enhance their job opportunities. Students who complete this minor will be able to differentiate themselves from other students on the job market as well as take charge of their own financial future.
