Program Pathway Information

This map is a term-by-term sample course schedule and is a general recommendation. DSC encourages all students to take between 30-33 hours per year to graduate in two years. Learning support requirements may impact schedule. ENGL 1101, 1102, MATH 1101/1111 are foundation courses. Bold courses have been identified as "key courses." It is required that students pass these key courses with a "C" or higher in order to be successful in this program. Taking courses in sequence is critical to prevent delay.

Milestones

First Year Milestone:

Complete ENGL 1101 & ENGL 1102 with a 'C' or better
Complete a Mathematics course
Meet with your advisor
Research next steps for future plans

Second Year Milestone:

Meet with your advisor
Solidify choices for next degree/institution to avoid taking unnecessary courses
Submit Graduation Application to Office of Enrollment Services one term prior to graduation

The milestones listed each year are designed to keep you on track to graduate. Students are strongly encouraged to meet with their academic advisor each year to review their progress. Missing course milestones could result in a delay in graduation.
