

**Program Pathway for
Bachelor of Business Administration in
Management Information Systems
2026-2027**

Program Summary

Do you want to help businesses manage and secure their data? If you are interested in improving data analysis processes or analyzing/designing new systems, a management information systems degree sounds perfect for you. Our MIS program equips you with the analytical skillset to help businesses manage one of their most precious resources, information. Likewise, our program will equip you with the knowledge to help drive ethical and impactful business decision making.

Career Options and Outlook

Careers in MIS are found in business, industry, and government. This field continues to be in high demand. Career areas include computer programming, systems analysis and design, and database administration. Career options also include:

Application Developer

IT Analyst

Systems Analyst

Business Intelligence Analyst

Business Analyst

Data Analyst

Program Pathway Information

This map is a term-by-term sample course schedule and is a general recommendation. DSC encourages all students to take between 30-33 hours per year to graduate in four years. Learning support requirements may impact schedule. ENGL 1101, 1102, MATH 1101, 1111 are Writing and Mathematics foundation courses. Bold and asterisk (*) courses have been identified as "key courses." It is required that students pass these key courses with a "C" or higher in order to be successful in this program. Please note this includes ALL 3000-4000 level business courses. Many MIS courses are only taught once a year. Taking courses in sequence is critical to prevent delay.

Milestones

First Year Milestone: Complete Writing and Mathematics courses.

Second Year Milestone: Complete BUSA 3301 and Field of Study courses with a 2.25 GPA or higher. Consider joining student organizations (ex. Wright Club).

Third Year Milestone: Consider internships.

Fourth Year Milestone: Submit graduation application by the end of the first term. Complete FINC 3056, MNGT 3051, MARK 3010, LSCM 3251, BUSA 3701 by the end of the first term. Prepare for professional credentialing certification exams and any other graduate school programs.

The milestones listed each year are designed to keep you on track to graduate. Students are strongly encouraged to meet with their academic advisor each year to review their progress. Missing course milestones could result in a delay in graduation.

Students are encouraged to differentiate themselves in the marketplace and can do so by completing a minor. All minors in the Wright School of Business are targeted programs aimed to meet workforce needs, improve your marketability, and can be completed quickly.

Suggested Minors

Business Analytics

Financial Technology

Forensic Accounting

Logistics and Supply Chain Management
