

Please note that the published final exam dates are not included in course instruction time. As such, faculty may choose to administer a final exam during the published time or at another time consistent with course objectives and learning outcomes. There is no expectation that a class meets during the published final exam date if the final exam already has been completed, as long as course instruction time is met.

Class times in bold are standard DSC class times. Classes meeting four days per week at a standard class time will take their final exam at the time corresponding to MW classes at the same time. Classes meeting three days per week will take their final exam at the time corresponding to either the MW classes at the same time or the TR classes at the same time, based on whether their schedules fully overlap (example: a MTR 8:00-9:15 class fully overlaps with TR 8:00-9:15 and will take its final exam based on the time indicated for TR 8:00-9:15 classes). Class times listed in red (one-day-per-week courses, exclusively) are considered in conflict as instructors, rooms, or students may have two exams scheduled at the same time. Instructors of such courses may need to investigate alternate room options.
