Course Progression for
Minor in Logistics and Supply Chain
Management 2026-2027

Every product you buy, sell, or use relies on a well-designed logistics and supply chain system. As companies grow and compete in a global marketplace, professionals who understand how to move goods efficiently—and how to manage the networks behind them—are in high demand. Logistics and Supply Chain Management explores how planning, sourcing, production, transportation, and distribution work together to deliver value to customers. If you enjoy solving problems, improving processes, and understanding how things get from point A to point B, the Logistics and Supply Chain Management minor is the perfect fit for you.

Junior	Area/Level	Fall Semester	Cr.	JR	Area/Level	Spring Semester	Cr.
LSCM 4288	Upper Core	Logistics	3	Elective	Upper	Elective Course *	3
				LSCM 4253	Upper Core	Integrated Materials/Supply	3
		Total	3			Total	6
Senior		**Fall Semester**	**Cr.**	**SR**		**Spring Semester**	**Cr.**
Elective	Upper	Elective Course *	3	Elective	Upper	Elective Course *	3
		Total	3			Total	3
